

Barstow Cemetery District

POLICY TITLE: Drug and Alcohol Testing
POLICY NUMBER: 3108

3108.1

Testing of Employees in Designated Safety-Sensitive Position. Employees in health and safety sensitive positions, including, but not limited to, the following management and non-management positions: vehicle and heavy machinery drivers with commercial licenses/operators (who are subject to random drug-testing under the Department of Motor Vehicles), may be required to submit to random drug testing under the procedures described below. This testing shall occur at random by an independent, third party drug testing company performing such testing. If an employee refuses to cooperate with the administration of the drug test, the refusal will be handled in the same manner as a positive test result.

3108.2

On-the-Job Inquiry. Should an injury occur while working, a drug and/or alcohol test may be administered if the injured employee's supervisor has a reasonable suspicion that an employee was injured due to drug or alcohol use.

3108.3

The District will refer the applicant or employee to an independent, National Institute on Drug Abuse ("NIDA"), certified medical clinic or laboratory, which will administer the test. The District shall require drug testing for: A) random testing, and B) reasonable suspicion testing. The District will pay the cost of the test. If the employee is determined by verifiable and confirmed reasonable suspicion observation as unable to drive or impaired for driving, then a District supervisor or General Manager will transport the individual to a medical facility for immediate testing or treatment.

3108.3.1 The employee will have the opportunity to alert the clinic or laboratory personnel to any prescription or non-prescription drugs that he or she has taken that may affect the outcome of the test. The clinic or laboratory will handle the required testing. The District will have no control over the clinic or laboratory's testing methods. The clinic or laboratory will inform the District as to whether or not the applicant passed or failed the drug test. If an employee fails the test, he or she will be considered to be in violation of these Guidelines and will be subject to discipline, up to and including termination.

3108.4

Acknowledgment and Consent. Any employee subject to testing under this policy will be directed to sign a form acknowledging the procedures governing testing and authorizing (1) the collection of a urine sample for the purpose of determining the presence of alcohol and/or drugs, and (2) the release to the District of medical information regarding the test results. Refusal to sign the authorization form or to submit to the drug and/or test, will result in the revocation of an applicant's job offer, or will be considered the same as a positive test leading to termination.

3108.5

Confidentiality. All alcohol and drug testing records will be treated as confidential.
